

Key Realty School Consent Form for Students under 18 and a Parent/Guardian

Key Realty School welcomes students under the age of 18. It is important that you and your family become familiar with particular responsibilities which apply to you as a student under the age of 18 attending Key Schools. If you are under 18 on the day you are completing the admission/readmission form, complete this consent signature page.

I am under 18 and my parent/guardian and I understand the following disclosures as I plan to attend classes as an under 18 student:

- As a student taking classes at Key Realty School I am choosing to be in an adult-oriented learning environment and recognize that course content, instructor focus and class discussions will not be amended to account for my age. Key Schools staff expects mature, adult behavior and will provide follow-up on non-attendance or provide feedback on academic progress only to me, the student.
- Many Key Schools faculty members teach at an institution of higher education for the reason that they want to teach in an adult environment.
- All policies regarding but not limited to grading, class attendance, registration deadline, payments on account and school / course procedures apply to me and exceptions will not be made because of my age. I will be expected to use my online school account to register for classes, make adjustments to my schedule, review and access my account.

By signing below, both the student and the parent / guardian recognized and agree to the terms of service associated with this consent form. The parent or guardian acknowledging this form acknowledges that they have the legal right to agree to this consent.
