

Rename Guidance on a mobile device -

Formatting may appear to be mildly different based on the operating system but the functionality and systematic approach is the same regardless of the operating system.

Step 1

Once the student has entered into the Zoom Meeting, this is the main screen a student will see.

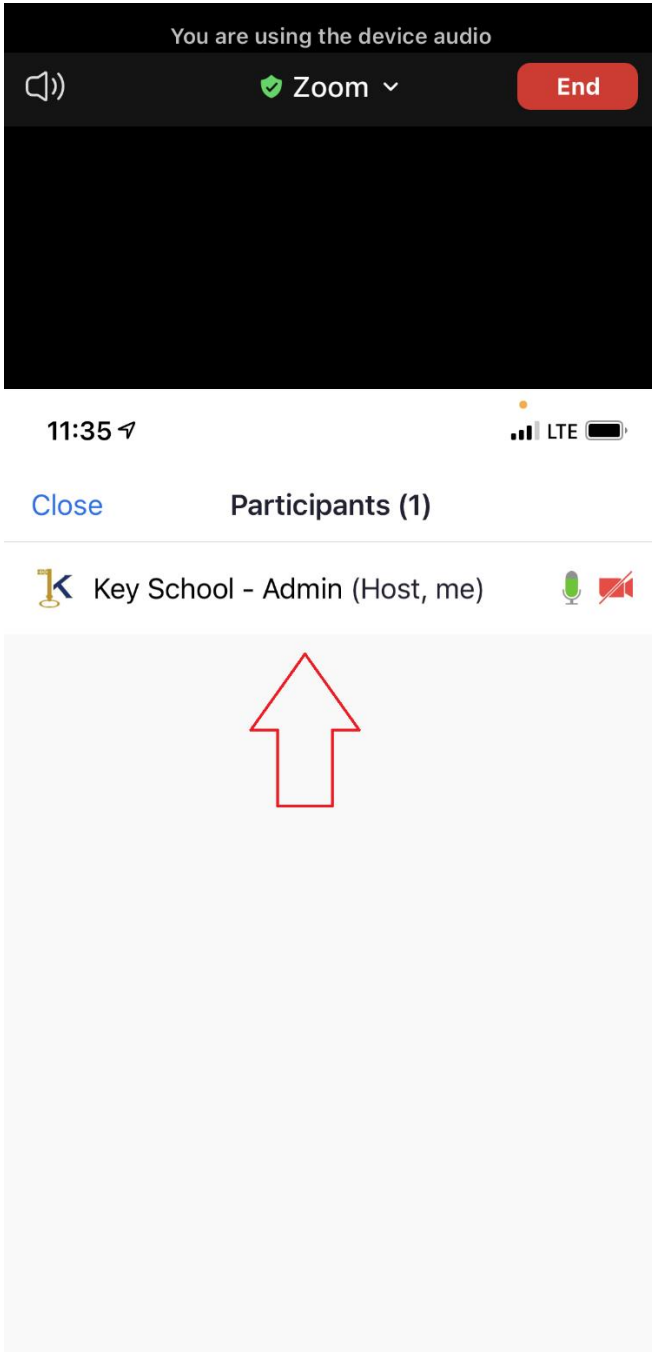

Step 2

After inactivity, the ribbon of functions from the top and bottom will disappear. Therefore, the student may need to touch the screen to pull the ribbon up. To rename themselves, the student will need to click on "Participants".

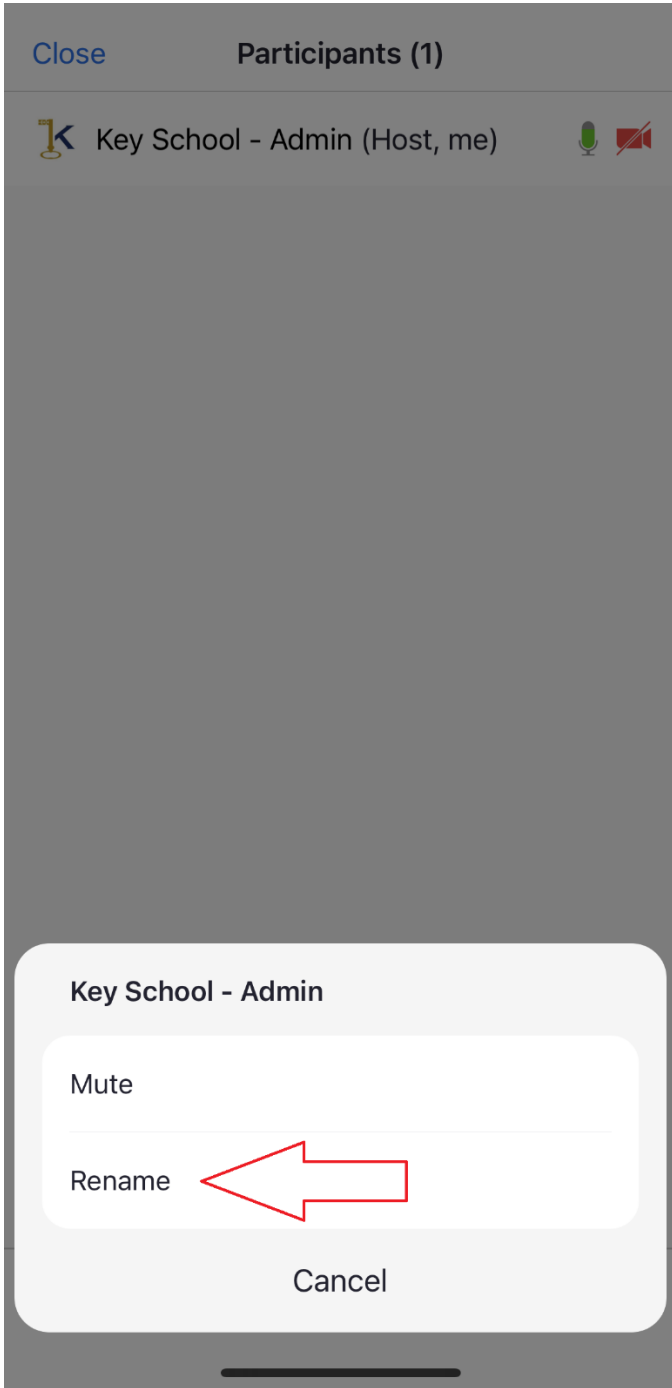

Step 3

The student will need to click on their name.

Step 4

The student will need to click on "Rename".

Step 5

The student should enter in their first name, last name and license number with no leading zeros and click "Done."
